Subject: polymet

I'm signing off; it seems like wetlands discussion is over. You can tell them that Melanie will touch base with you about the meeting and we will talk to the Corps about the issues Melanie listed in her email. I couldn't hear very well but did they say they expect to have a permit out by Thanksgiving or Christmas? You can also tell them that EPA expects to see the draft permit, special condition and other technical documents associated with the permit. I could tell what they were talking about the ROD maybe? Thanks.
